Message from the Company

To Unitholders

Market Summary

Global economy slowed down due to continuous rate hike by major central banks as well as high level of inflation. Economic activities returned to normal level especially in the US and caused central banks and governments to remove supporting fiscal and monetary policies. The sluggish was shown only in manufacturing sector, but not in service part which is the Fed's target. Hence the central bank keep hiking rates to fight with sticky inflation. This hiking cycle is one of the fastest rate hikes in market history. The situation became intense when US regional banks faced with deposit flight and bank run but US regulator swiftly provided solution by guaranteeing their deposit and finding new shareholders. Real interest rate remains at low level. Geopolitical risks, high level of inflation and more than expected rate hikes will be negative factors to economic growth as well as global capital markets, and will also cause market volatility.

Short term bond yields rose along with a rise in FED rates while long term yields level movement was dependent on market expectation on FED pivot and economic condition. US bond yield was still inverted.

UNITED GLOBAL SUSTAINABLE INFRASTRUCTURE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE PERIOD FROM 20 JULY 2022 (DATE OF INCEPTION)
TO 30 JUNE 2023

INDEPENDENT AUDITOR'S REPORT

To the United Global Sustainable Infrastructure Equity Fund

Opinion

I have audited the financial statements of United Global Sustainable Infrastructure Equity Fund (“the Fund”), which comprise the statement of financial position and details of investments as at 30 June 2023, and the statement of comprehensive income and statement of changes in net assets for the period from 20 July 2022 (date of inception) to 30 June 2023, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of United Global Sustainable Infrastructure Equity Fund as at 30 June 2023, and its financial performance and changes in its net assets for the period from 20 July 2022 to 30 June 2023 in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor’s report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

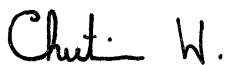

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

UNITED GLOBAL SUSTAINABLE INFRASTRUCTURE EQUITY FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM 20 JULY 2022 (DATE OF INCEPTION) TO 30 JUNE 2023

1. GENERAL INFORMATION

United Global Sustainable Infrastructure Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 20 July 2022 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each). UOB Asset Management (Thailand) Company Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and TMBThanachart Bank Public Company Limited serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 3 classes as follows:

1. Normal redemption class for individual investors to earn capital gain and accumulated benefits from total return.
2. Auto redemption class for individual investors to earn regularly from the auto redemption.
3. Super savings fund class for individual investors who need tax incentives and expect to receive returns from the increase of investment units in the long term. (Total Return)

At present, the Fund has open only the normal redemption class and super savings fund class.

The Fund has a policy invest in or hold investment units of foreign unit trusts and/or foreign ETFs in securities or instruments which has an investment policy that focuses on investing in equity instruments of companies related to infrastructure businesses around the world and has guidelines for sustainable business practices by diversifying investments in various regions around the world. The proportion of investment in various regions around the world is at the discretion of the Management Company based on investment conditions or forecasts of investment conditions at each moment, with a net exposure in investment units of foreign unit trusts and/or foreign ETFs in securities or instruments with the above-mentioned policies on average in the accounting year is not less than 80% of its net asset value. The Fund will invest in investment units of foreign unit trusts and/or foreign ETFs in securities or instruments with investment policies above 2 funds and the Fund will invest in any fund on average in the accounting year not more than 79% of its net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the period are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the period, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 30 June 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Funds	-	239,922,760.66	-	239,922,760.66
Derivative contracts	-	205,829.29	-	205,829.29
<u>Liabilities</u>				
Derivative contracts	-	8,264,867.91	-	8,264,867.91

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trusts and over-the-counter derivatives.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht

Other liabilities	-	-	15,266.43	15,266.43

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 30 June 2023, the Fund had foreign currency accounts as follows:

Accounts	Amount
Investments (fair value)	
USD	4,593,239.72
EUR	1,996,849.96
Cash at banks	
USD	98,452.11
EUR	157,294.03
Accounts payable from purchases of investments	
USD	97,599.82
EUR	156,500.00

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trusts. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.
