To Unitholders

### Market Summary

High inflation rate was a major concern in late of 2022. The problem stemmed from supply disruption, wage rising and expensive energy price. Central banks had to shift monetary policy stance aggressively. As a result, global economy slowed down due to continuous rate hike by FED and other major central banks. When look thoroughly, the sluggish was shown only in manufacturing sector, but not in service part which is the Fed's target. Hence the central bank has to keep hiking rate to fight with sticky inflation. The situation became intense when US regional banks faced with deposit flight and bank run in the first half of 2023. Fortunately, US regulator swiftly provided solution by guaranteeing total amount of deposit and finding new shareholders. After the situation was remedied, global equities could strongly increase from small group of US mega cap stock, while the rest could only rebound briefly, especially China's rally which quickly faded after sluggish in property sector outweighed reopening hopes. Global stocks faced with market correction again in the third quarter after long term US bond yield spiked sharply from resilient US economic growth, and pressured global stock valuation. However, at the FOMC meeting in November, Fed chairman's speech is interpreted by investors as a sign of a policy pivot, the risk of an additional hike has diminished significantly which led to a falling bond yield and equity market relief.

FINANCIAL STATEMENTS

FOR THE YEAR ENDED JANUARY 31, 2024

## INDEPENDENT AUDITOR'S REPORT

To The Unitholders and Managing Company of  
UNITED GLOBAL DYNAMIC BOND FUND

### Opinion

I have audited the financial statements of United Global Dynamic Bond Fund (The Fund), which comprise the statement of financial position and the statement of detail of investments as at January 31, 2024, the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of United Global Dynamic Bond Fund as at January 31, 2024, its financial performance and its changes in net assets for the year then ended in accordance the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand.

### Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further describe in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with The Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and my auditor's report thereon. The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management in order management to correct the misstatement.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

The engagement partner responsible for the audit resulting in this independent auditor's report is Ms.Thanyaphorn Tangthanopajai.

**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**JANUARY 31, 2024**

**2. BASIS FOR PREPARATION OF FINANCIAL STATEMENTS**

These financial statements are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand. While for those matters not covered by the Accounting Guidance, the entity is to follow the financial reporting standards issued by TFAC that are effective in that financial reporting period.

The financial statements of the Fund have been prepared in Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purpose. For the convenience of the readers not conversant with the Thai language, an English version of financial statements has been translated from the Thai version of financial statements.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**3.1 Recognition of revenues and expenses**

**3.1.1 The fund recognizes revenues on an accrual basis as follows :-**

Interest income is recognized on the accrual time with effective rate basis.

Interest income arising from amortization of premium or discount of debt instrument is calculated by the effective rate basis.

Gain or loss on sale of investments is recognized on trade date and the cost of investments is calculated by the weighted average cost basis.

Unrealized gain (loss) from valuation of investments is recognized as income or expense in the statement of comprehensive income.

**3.1.2 The fund recognizes other income and expenses on an accrual basis.**

**3.2 Valuation of investments**

**Initial recognition**

At initial recognition, the Fund recognized investments as assets at fair value at the date on which the Fund has the right on investments.

**Subsequently measurement**

Investments in the unit trusts of foreign funds and other foreign securities and assets are stated at fair value. The fair value of unit trusts in the foreign fund is based on the publication of NAVs prices by the fund. The fair value of other securities will be set up taking into consideration the best representation of the fair value of those securities.

Investments in the local debt investment is stated at fair value by calculating from the return rate announced by Thai Bond Market Association (Thai BMA), respectively, as follows:

b

**UNITED GLOBAL DYNAMIC BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**JANUARY 31, 2024**

- (1) Executed price or yield.
- (2) Average quoted price or yield, or firm quoted price or yield from Market Maker.
- (3) Price or yield calculated from the model.

The fair value of bills of exchange, treasury bills, debentures and bonds which the maturity dates are less than 90 days, are calculated from the yield-rate quoted on The Thai Bonds Market Association for the securities that have 90 days maturity leftover or the yield-rate from the acquisition of securities that have a maturity within 90 days from the date of investment.

### 3.3 Derivatives

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument in hedge accounting, and if so, the nature of the item being hedged.

### 3.4 Foreign currency conversions

Accounts in foreign currencies are converted into baht by using exchange rate on the transaction date. Asset and liability in foreign currencies at the end of the period are converted into baht using the exchange rate of that day and the derivative transaction as at the transaction date is converted into baht by the contract rate.

At the end of the period, the unrealized gain or (loss) on outstanding derivative contracts is calculated by adjusting the outstanding derivative contracts from the contract rate to market rate with same maturity which are included within receivables or payables from derivative contracts in the statement of financial position.

Gain or loss on foreign currency conversions is recognized as income or expense in the statement of comprehensive income.

**UNITED GLOBAL DYNAMIC BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**JANUARY 31, 2024**

**12. DISCLOSURE OF FINANCIAL INSTRUMENTS**

**12.1 Accounting policies for financial instruments**

The details of the significant accounting policies, method used, including a basis on the recognition of income and expense for financial assets and financial liabilities are disclosed in Note 3.

**12.2 Financial risk management for financial instruments**

The fund manages its exposure to financial risk on financial assets from investment by its investment policy and management and control system. The Fund uses derivative instruments for hedging foreign currency risk on exchange rate.

**12.3 Fair value**

Fair value is the price that will be received from sale of asset or it's the price that will be paid for transfer of a liability to other persons, provided that it's a normal transaction between the buyer and the seller (market participant) at the measurement date. The Fund uses a quoted market price in an active market to measure the fair value of assets and liabilities that are required by related accounting guidance to measure at fair value, except in the absence of an active market for similar assets or liabilities, or a quoted market price cannot be obtained in an active market. The Fund estimates the fair value by using appropriate valuation techniques for each situation and try to use as much observable information as possible related to the asset or liability which is measured at fair value.

Financial instruments measured at fair value classified by the estimation method. The difference of the hierarchy of information level can be presented as follows:

- Level 1 - Use of quoted market prices (no adjustment required) in an observable active market for such assets or liabilities
- Level 2 - Use of other observable inputs for such assets or liabilities, whether directly (such as market data) or indirectly (such as calculated from market prices)
- Level 3 - Use of unobservable inputs for such assets or liabilities (information that cannot be observed)

1

**UNITED GLOBAL DYNAMIC BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**JANUARY 31, 2024**

As at January 31, 2024, the Fund had the assets that were measured at fair value using different levels of inputs as follows :-

Million Baht				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Investment units	-	225.03	-	225.03
<u>Liabilities</u>				
Derivatives	-	215.09	-	215.09

As at January 31, 2023, the Fund had the assets that were measured at fair value using different levels of inputs as follows :-

Million Baht				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Investment units	-	340.33	-	340.33
Derivatives	-	288.98	-	288.98

Various investments are derived from explicitly referenced market prices in an active market and classified as Level 1, consisting of liquid listed equity instruments and derivatives traded in officially established markets. The Fund will not adjust the quoted prices for these instruments.

Financial instruments traded in markets that are not considered to be liquid but have been valued at an explicit reference market price. Trading quotations by traders or alternative pricing sources backed by observable data are classified as Level 2 . These financial instruments comprised of private equity instruments that are among the most attractive to investors and derivatives in the market directly traded.

Investments classified as Level 3 contain important information that cannot be observed due to infrequent trading. Equity instruments level 3 contain information on credit risk and expected damages for the equity instruments. The main data entered into the fund valuation model for this investment consists of the ratio of market price to net profit income and discounted cash flow.

**UNITED GLOBAL DYNAMIC BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**JANUARY 31, 2024**

**12.4 Interest rate risk**

The Fund's exposure to interest rate risk relates primarily to its investments in the debt instruments, which the change in the rate of return affects the prices of these debt instruments held by the Fund to move in the opposite direction. For example, when the market rate of return decreases, the price of bonds will be higher and the Fund will receive return in the form of capital gain. However, when the market rate of return increases, the price of bonds will be lower and the Fund will incur loss. Therefore, the longer the maturity of the instruments, the greater is the impact of changes in the rate of return.

As at January 31, 2024, the Fund had significant financial assets classified by types of interest rates as follows :-

	Baht			
	Floating rate	Fixed rate	No interest	Total
<u>Financial assets</u>				
Investment	-	-	225,030,277.34	225,030,277.34

Cash at banks	7,938,760.94	-	-	7,938,760.94

**12.5 Market risk**

The Fund's market risk relates primarily to investments in the debt instruments whose returns fluctuate in line with the economy, political situation, money markets. These circumstances may have positive or negative effects on the performance of the companies issuing securities depending on how sensitive the business types of the issuers are linked to the volatility of the markets and result in the price of these securities to be higher or lower.

Cash at banks	6,500.00	4,100.00

The Fund entered into derivative contracts for hedging of exchange rates on investments in foreign currency (see Note 9).

**12.7 Credit risk**

The Fund is exposed to the risk of non-performance of the obligations under the financial instruments by the contractual parties. As the Fund has accounts receivable from bank that is in the normal business of the fund, it does not anticipate material loss from such debt collection.

**12.8 Liquidity risk**

Liquidity risk is the risk that arises from the lack of marketability to turn the assets into cash and/or to secure sufficient capital quickly enough to prevent a loss or to use the cash to settle an obligation when due.
