### To Unitholders

#### Overview of the Thai Stock Market September 1, 2024 to August 31, 2025

September 2024 to August 2025: In September the index rose significantly, with key support coming from clarity regarding the new cabinet and government policy announcements, as well as clear information about the opening of Vayupak Fund sales. In October the index continued to rise, mainly due to investment from the Vayupak Fund which began purchasing stocks from October 1, and the Monetary Policy Committee's decision to reduce the policy interest rate by 25bps to 2.25%. Significant price increases in DELTA shares and stocks in the INTUCH-ADVANC-GULF group provided additional support, although the index weakened in the final week due to high net selling from foreign investors. In November the index declined, with main pressure coming from the announcement of 3Q2024 earnings from non-banking listed companies that were below expectations, coupled with continued foreign capital outflows from the Thai stock market. In December the index fell heavily in the third week of the month, following international stock market trends in response to the Fed signaling a slowdown in policy rate cuts for 2025. The index closed at 1,400.21 points at the end of December. In January the index continued to decline, due to negative factors from all sides, including the Global Minimum Tax (GMT), concerns among Chinese tourists about safety related to human trafficking, and stock selling due to concerns about weak 4Q2024 performance. In February the index continued to decline, pressured by external factors such as US import tariffs on Canada, Mexico, and China, and 4Q2024 earnings of listed companies that were below expectations. In March the index continued its decline for the 5th consecutive month amid growing concerns over intensifying trade wars. The US proceeded to impose import tariffs on trading partners and implemented retaliatory measures, particularly against China. However, there were some positive factors from China's Two Sessions meeting which announced economic stimulus measures and the launch of ThaiESGX measures. Towards the end of the month, an earthquake that reached Thailand created panic and the stock market closed trading in the afternoon session. In April the index continued to decline as the US and China engaging in fierce tariff retaliation, but both sides later showed signs of easing tensions, allowing the market to turn positive for the first time in 6 months. Domestically, the situation was further hit after WorldBank cut GDP forecast down to the lowest in the region and Moody's downgrading credit rating outlook from Stable to Negative Baa1, despite 1Q25 earnings results better than market expectations. In May the index continued to decline from capital outflows following MSCI's reduction of Thai stock weightings, the Fed maintaining interest rates at 4.25-4.50% and warning of stagflation conditions, profit-taking after the announcement of 1Q25 operating results, and low IPO volume for the ThaiESGX funds that launched this month. Despite some positive developments early in the month after the US and UK reached a trade agreement as the first countries to do so, while China continued to roll out economic stimulus measures, and 1Q25 operating results that came out well. In June the index faced continuous selling pressure from the 12-day retaliatory attacks between Israel and Iran, raising concerns about the closure of the Strait of Hormuz, which would impact approximately 20% of global oil supply. Domestic pressures included political issues with the Bhumjaithai Party announcing its withdrawal from the government coalition, conflicts between Thailand and Cambodia, and significant

forced selling across multiple stocks. In July the index rose notably, driven by positive expectations on various issues such as: trade negotiations with the US nearing successful conclusion, easing tensions in US-China trade policy, upward revisions to global and Thai GDP forecasts, expectations that the BOT will cut the policy interest rate, and continuous fund flows coming into the market. In August the index rose in the first half of the month but closed negative. Supporting factors were beat expectation 2Q25 earnings results, the MPC cut interest rate and fund inflow into THAI. However, the index faced selling after earnings reporting season ended as sell o fact, while US planned to pose additional tariff to countries that import energy from Russia.

Summary of the Thai stock market between September 2024 and August 2025: The SET index declined -9.0%. The industrial sectors that declined the most were Media (-31.2%), Transportations (-30.4%), Commerce (-29.8%), Healthcare (-28.1%) and Packaging (-25.9%). Sector which had positive returns were Electronics Components (+36.0%), Banks (+13.8%), ICT (+6.7%) and Petrochemicals (+6.6%). Foreign investors were net sellers of 107 billion Baht., while institutional investors were net buyers of 36.3 billion Baht.

UOB SMART DIVIDEND-FOCUSED EQUITY FUND  
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT  
FOR THE YEAR ENDED 31 AUGUST 2025

## **INDEPENDENT AUDITOR'S REPORT**

### **To the Unitholders of UOB Smart Dividend-Focused Equity Fund**

#### **Opinion**

I have audited the financial statements of UOB Smart Dividend-Focused Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 August 2025, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of UOB Smart Dividend-Focused Equity Fund as at 31 August 2025, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

#### **Basis for Opinion**

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Other Information**

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

**UOB SMART DIVIDEND-FOCUSED EQUITY FUND**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

**1. GENERAL INFORMATION**

UOB Smart Dividend-Focused Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 20 September 2010 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each). UOB Asset Management (Thailand) Company Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Standard Chartered Bank (Thai) Public Company Limited serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund will focus to invest in equity instruments of companies listed on The Stock Exchange of Thailand that meet Fund’s criteria such as companies with regular and consistency dividend payment or companies with good dividend trend or companies which have a fine investment opportunity with average in an accounting period not less than 65% of its net asset value and have net exposure in equity instruments with average in an accounting period more than or equal to 80% of its net asset value.

The Fund’s policy is not to pay dividends to the unitholders.

**2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS**

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements in Thai language are the official statutory financial statements of the Fund. The financial statements in English language have been translated from the Thai language financial statements.

**3. SIGNIFICANT ACCOUNTING POLICIES**

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

### Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

### Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

### Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

## 6. DISCLOSURE OF FINANCIAL INSTRUMENTS

### Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

| Equity instruments   | 196,736,665.30 | -       | -       | 196,736,665.30 |

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

#### Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

|                                | Baht                                                                  |               |                |                |

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.
