คำอธิบาย

Maximum Drawdown : เพอร์เซ็นต์ผลขาดทุนสูงสุดของกองทุนรวมในระยะเวลา 5 ปี ย้อนหลัง (หรือตั้งแต่จัดตั้งกองทุนกรณีที่ยังไม่ครบ 5 ปี) โดยวัดจากระดับ NAV ต่อหน่วยที่จุดสูงสุดไปจนถึงจุดต่ำสุดในช่วงที่ NAV ต่อหน่วยปรับตัวลดลง ค่า Maximum Drawdown เป็นข้อมูลที่ช่วยให้ทราบถึงความเสี่ยงที่อาจจะขาดทุนจากการลงทุนในกองทุนรวม

Recovering Period : ระยะเวลาการฟื้นตัว เพื่อเป็นข้อมูลให้ผู้ลงทุนทราบถึงระยะเวลาตั้งแต่การขาดทุนสูงสุดจนถึงระยะเวลาที่ฟื้นกลับมาที่เงินทุนเริ่มต้นใช้ระยะเวลานานเท่าใด

อัตราส่วนหมุนเวียนการลงทุน : ความถี่ของการซื้อขายหลักทรัพย์ในพอร์ตกองทุนในช่วงเวลาใดช่วงเวลานึง

โดยคำนวณจากมูลค่าที่ต่ำกว่าระหว่างผลรวมของมูลค่าการซื้อหลักทรัพย์กับผลรวมของมูลค่าการขายหลักทรัพย์ของกองทุนรวมในรอบระยะเวลา 1 ปีหารด้วยมูลค่า NAV ของกองทุนรวมเฉลี่ยในรอบระยะเวลาเดียวกัน กองทุนรวมที่มีค่า portfolio turnover สูง บ่งชี้ถึงการซื้อขายหลักทรัพย์บ่อยครั้งของผู้จัดการกองทุนและทำให้มีต้นทุนการซื้อขายหลักทรัพย์ที่สูง จึงต้องพิจารณาเปรียบเทียบกับผลการดำเนินงานของกองทุนรวมเพื่อประเมินความคุ้มค่าของการซื้อขายหลักทรัพย์ดังกล่าว

Sharpe Ratio : อัตราส่วนระหว่างผลตอบแทนส่วนเพิ่มของกองทุนรวมเปรียบเทียบกับความเสี่ยงจากการลงทุน

โดยคำนวณจากผลต่างระหว่างอัตราผลตอบแทนของกองทุนรวมกับอัตราผลตอบแทนที่ปราศจากความเสี่ยง (risk-free rate) เปรียบเทียบกับค่าเบี่ยงเบนมาตรฐาน (standard deviation) ของกองทุนรวม ค่า Sharpe Ratio สะท้อนถึงอัตราผลตอบแทนที่กองทุนรวมควรได้รับเพิ่มขึ้นเพื่อชดเชยกับความเสี่ยงที่กองทุนรวมรับมา โดยกองทุนรวมที่มีค่า Sharpe Ratio สูงกว่าจะเป็นกองทุนที่มีประสิทธิภาพในการบริหารจัดการลงทุนที่ดีกว่า เนื่องจากได้รับผลตอบแทนส่วนเพิ่มที่สูงกว่าภายใต้ระดับความเสี่ยงเดียวกัน

Alpha : ผลตอบแทนส่วนเกินของกองทุนรวมเมื่อเปรียบเทียบกับดัชนีชี้วัด (benchmark) โดยค่า Alpha ที่สูง หมายถึง กองทุนสามารถสร้างผลตอบแทนได้สูงกว่าดัชนีชี้วัด ซึ่งเป็นผลจากประสิทธิภาพของผู้จัดการกองทุนในการคัดเลือกหรือหาจังหวะเข้าลงทุนในหลักทรัพย์ได้อย่างเหมาะสม

Beta : ระดับและทิศทางการเปลี่ยนแปลงของอัตราผลตอบแทนของหลักทรัพย์ในพอร์ตการลงทุน โดยเปรียบเทียบกับอัตราการเปลี่ยนแปลงของตลาด Beta น้อยกว่า 1 แสดงว่าหลักทรัพย์ในพอร์ตการลงทุนมีการเปลี่ยนแปลงของอัตราผลตอบแทนน้อยกว่าการเปลี่ยนแปลงของอัตราผลตอบแทนของกลุ่มหลักทรัพย์ของตลาด Beta มากกว่า 1 แสดงว่าหลักทรัพย์ในพอร์ตการลงทุนมีการเปลี่ยนแปลงของอัตราผลตอบแทนมากกว่าการเปลี่ยนแปลงของอัตราผลตอบแทนของกลุ่มหลักทรัพย์ของตลาด

Tracking Error : เพื่อให้พิจารณาความผันผวนของส่วนต่างของผลตอบแทนเฉลี่ยของกองทุนรวมและผลตอบแทนของดัชนีชี้วัด

ซึ่งสะท้อนให้เห็นถึงประสิทธิภาพในการเลียนแบบดัชนีชี้วัดของกองทุนรวมว่ามีการเบี่ยงเบนออกไปจากดัชนีชี้วัด มากน้อยเพียงใด เช่น หากกองทุนรวมมีค่า TE ต่ำ แสดงว่าอัตราผลตอบแทนของกองทุนมีการเบี่ยงเบนออกไปจากดัชนีชี้วัดในอัตราที่ต่ำ ดังนั้น กองทุนรวมนี้จึงมีประสิทธิภาพในการเลียนแบบดัชนีอ้างอิง ในขณะที่กองทุนรวมที่มีค่า TE สูง แสดงว่าอัตราผลตอบแทนของกองทุนมีการเบี่ยงเบนออกจากดัชนีชี้วัดในอัตราที่สูง ดังนั้น โอกาสที่ผลตอบแทนการลงทุนจะเป็นไปตามผลตอบแทนของ benchmark ก็จะลดน้อยลง เป็นต้น

Yield to Maturity : อัตราผลตอบแทนจากการลงทุนในตราสารหนี้โดยถือจนครบกำหนดอายุ

ซึ่งคำนวณจากดอกเบี้ยที่จะได้รับในอนาคตตลอดอายุตราสารและเงินต้นที่จะได้รับคืนนำมาคิดลดเป็นมูลค่าปัจจุบัน โดยใช้วัดอัตราผลตอบแทนของกองทุนรวมตราสารหนี้ คำนวณจากค่าเฉลี่ยถ่วงน้ำหนักของ Yield to Maturity ของตราสารหนี้แต่ละตัวที่กองทุนมีการลงทุน และเนื่องจาก Yield to Maturity มีหน่วยมาตรฐานเป็นเปอร์เซ็นต์ต่อปี จึงสามารถนำไปใช้เปรียบเทียบอัตราผลตอบแทนระหว่างกองทุนรวมตราสารหนี้ที่มีนโยบายถือครองตราสารหนี้จนครบกำหนดอายุและมีลักษณะการลงทุนที่ใกล้เคียงกันได้

Lazard Global Listed Infrastructure Equity Fund

A Acc USD Hedged Share Class | IE00B3X5FG30

A sub-fund of Lazard Global Active Funds PLC, an Irish UCITS investment fund company

October
2025
Fact Sheet

This is a marketing communication. This is not a contractually binding document. Please refer to the prospectus of the UCITS and to the PRIIPs KID before making any final investment decisions.

Fund Description

Lazard's Global Listed Infrastructure Equity Fund is an actively managed portfolio that typically invests in equity securities of infrastructure companies with a minimum market capitalization of \$250 million. The Fund uses a "Preferred Infrastructure" philosophy that focuses primarily on equity securities of companies that own physical infrastructure assets that meet certain preferred criteria, such as revenue certainty, profitability and longevity.

Share Class

NAV	\$5.53

Class Currency	\$1,899.75m
Base Fund Currency	£1,445.94m

Risk Rating

Key Risks Related to the Fund

There is no capital guarantee or protection of the value of the Fund. The value of your investment and the income from it can go down as well as up and you may not get back the amount you originally invested.

As the Fund invests on a global basis in Infrastructure Companies, it may be less diversified than other funds investing in a broader range of industries. Securities and instruments of Infrastructure Companies may be more susceptible to adverse economic, political or regulatory occurrences affecting their industries and may be subject to a variety of factors that may adversely affect their business or operations, including additional costs, competition, regulatory implications and certain other factors.

Key Risks Related to the Share Class

Your shares will be hedged with the aim of reducing the effect of exchange rate fluctuations between their denominated currency and the base currency of the Fund. This may not completely eliminate currency risk and therefore, any residual risk may affect the performance of your shares.

See "Risk Factors" in the UCITS' Prospectus and Fund Supplement for more information about risks.

*Source: Morningstar, NAV to NAV Price, Net Income Reinvested, Net of Fees. The maximum initial subscription fee chargeable to the investor is 0% (i.e. USD 0 for an investment of USD 1,000). Performance data for periods less than 1 year is illustrated on a cumulative growth basis. UK investors may be liable to taxation on the income from the fund, depending upon their personal circumstances. The effect of taxation would have been to reduce the returns stated. The returns from your investment may be affected by changes in the exchange rate. As at 30 June 2018 the benchmark was changed from the FTSE Developed Core Infrastructure 50/50 Index to the MSCI World Core Infrastructure Index. Prior to 1 April 2015, the benchmark was the UBS Global 50/50 Infrastructure and Utilities Index.

This Fund is actively managed. The Fund's performance is measured against the performance of the MSCI World Core Infrastructure (the "Benchmark"), which the Investment Manager has assessed to be the most appropriate Benchmark for measuring performance. The Fund is not constrained by the Benchmark as it has flexibility to invest in securities and asset classes not included in the Benchmark.

Glossary

Active Share measured as a percentage, active share is the degree of deviation in holdings between a portfolio and its benchmark. Active share of a portfolio is calculated as half the sum of the absolute active weights of all securities in a portfolio and its benchmark. For portfolios without shorts, the statistic ranges from 0% (index tracker) to 100% (no overlap with index). The higher the number, the more "active" the manager is.

Alpha represents the return of a portfolio that is attributable to the manager's investment decisions.

Beta measures a fund's sensitivity to movements in the overall market.

EPS represents the fiscal period earnings per share (EPS) for the period.

Information ratio represents the value added by the manager (excess return) divided by the tracking error.

The **Ongoing Charges** represent the ongoing costs to the fund from one year to the next which includes but is not limited to the fund's annual management fees, professional fees, audit fees, custody fees and custody transaction fees. It

does not include any performance fee or portfolio transaction costs incurred buying or selling assets for the fund. The Ongoing charges may vary from year to year.

P/E Ratio/ Earnings Per Share (EPS).

Price to Book Value / Book Value per Share.

Return on Equity (ROE) calculated by taking earnings per share of the company and dividing it by the stock's book value.

The **Risk Rating** is calculated in line with PRIIPs Regulation 2014 (the "PRIIPs Regulations")

Sharpe ratio measures return in excess of the risk free rate for every unit of risk taken.

Tracking error measures the volatility of the difference between a portfolio's performance and the benchmark.

Volatility is a measure of the fund's returns in relation to its historic average.

Important Information

The Lazard Global Listed Infrastructure Equity Fund is a sub-fund of Lazard Global Active Funds plc, an open-ended investment company with variable capital structured as umbrella funds with segregated liability between sub-funds incorporated with limited liability and is authorised and regulated as UCITS by the Central Bank of Ireland.

MSCI makes no express or implied warranties or representations and shall have no liability whatsoever with respect to any MSCI data contained herein. The MSCI data may not be further redistributed or used as a basis for other indexes or any other securities or financial products. This report is not approved, reviewed or produced by MSCI.

All rights in the FTSE Developed Core Infrastructure 50/50 Index (the "Index") vest in FTSE International Limited ("FTSE"). "FTSE®" is a trademark of the London Stock Exchange Group companies and is used by FTSE under license. The investment product has been developed solely by Lazard Asset Management Limited. The Index is calculated by FTSE or its agent. FTSE and its licensors are not connected to and do not sponsor, advise, recommend, endorse or promote the investment product and do not accept any liability whatsoever to any person arising out of (a) the use of, reliance on or any error in the Index or (b) investment in or operation of the investment product. FTSE makes no claim, prediction, warranty or representation either as to the results to be obtained from the investment product or the suitability of the Index for the purpose to which it is being used by Lazard Asset Management LLC.

Lazard Fund Managers (Ireland) Limited is authorized and regulated in Ireland by the Central Bank of Ireland. Copies of the full Fund Prospectus, the relevant Packaged Retail and Insurance-based Investment Products Key Information Document (PRIIPs KID) and the most recent Report and Accounts are available in English, and other languages where appropriate at www.lazardassetmanagement.com. Investors and potential investors should read and note the risk warnings in the Prospectus and relevant PRIIPs KID. The fees and costs charged when issuing or repurchasing units or switching sub-funds, as well as any minimum subscription amounts, are as detailed in the PRIIPs KID.

The current document is provided for information purposes only. It should not be considered a recommendation or solicitation to purchase, retain or sell any particular security. Past performance is not a reliable indicator of future results. The value of investments and the income from them can fall as well as rise and you may not get back the amount you invested. There can be no assurance that the Fund's objectives or performance target will be achieved. Any investment is subject to fees, taxation and charges within the Fund and the investor will receive less than the gross yield. The performance shown does not take account of any commissions and costs charged when subscribing to and redeeming shares. Not for distribution in the United States, or to or for the account of US citizens or investors based in the US.

Please note that neither the Fund nor all share classes of the Fund are registered in every jurisdiction. Investment into the portfolio will not be accepted before the appropriate registration is completed in the relevant jurisdiction.

Additional information by Jurisdiction:

United Kingdom, Finland, Ireland, Denmark, Norway and Sweden: The information is approved, on behalf of Lazard Fund Managers (Ireland) Limited, by Lazard Asset Management Limited, 20 Manchester Square, London W1U 3PZ. Incorporated in England and Wales, registered number 525667. Lazard Asset Management Limited is authorised and regulated by the Financial Conduct Authority.

Germany and Austria: Lazard Asset Management (Deutschland) GmbH, Neue Mainzer Strasse 75, 60311 Frankfurt am Main is authorized and regulated in Germany by the BaFin. The Paying Agent in Germany is Landesbank Baden-Württemberg, Am Hauptbahnhof 2, 70173 Stuttgart. The Paying Agent in Austria is UniCredit Bank Austria AG, Rothschildplatz 1, 1020 Vienna.

Belgium and Luxembourg: This information is provided by the Belgian Branch of Lazard Fund Managers Ireland Limited, at Blue Tower Louise, Avenue Louise 326, Brussels, 1050 Belgium. The Paying Agent and the Representative in Belgium for the registration and the receipt of requests for issuance or repurchase of units or for switching sub-funds is Societe Generale Private Banking NV, Kortrijksesteenweg 302, 9000 Gent, Belgium.

Risks

UBS Thematic Funds invest in equities and may therefore be subject to high fluctuations in value. As these UBS Funds pursue an active to very active management style, each Fund's performance can deviate substantially from that of its reference index. Focusing intentionally on specific themes and trends may entail additional risks. All investments are subject to market fluctuations. Every Fund has specific risks, which can significantly increase under unusual market conditions. The fund can use derivatives, which may result in additional risks (particularly counterparty risk). This Fund may not be appropriate for investors who plan to withdraw their money before the recommended holding period disclosed in the PRIIPs KID, if available for this share class. Sustainability risks are environmental, social or governance events or conditions that can have a material negative effect on the return, depending on the relevant sector, industry and company exposure. Sustainability risk: the risk arising from any environmental, social or governance events or conditions that, were they to occur, could cause a material negative impact on the value of the investment.

UBS Infrastructure Equity Fund USD I-A1-acc

Your capital is at risk. The value of an investment may fall as well as rise and you may not get back the original amount. Please note that additional fees (e.g. entry or exit fees) may be charged. Please refer to your financial adviser for more details. Investors should read the Key Information Document, Prospectus and any applicable local offering document prior to investing and to get complete information of the risks. Investors are acquiring units or shares in a fund, and not in a given underlying asset such as building or shares of a company. For a definition of financial terms refer to the glossary available at www.ubs.com/am-glossary.

For marketing and information purposes by UBS. For professional clients / qualified investors only. UBS funds under Luxembourg law. Arrangements for marketing fund units mentioned in this document may be terminated at the initiative of the management company of the fund(s). Before investing in a product please read the latest prospectus and key information document or similar legal documentation carefully and thoroughly. Any decision to invest should take into account all the characteristics or objectives of the product as described in its prospectus, or similar legal documentation. Investors are acquiring units or shares in a fund, and not in a given underlying asset such as building or shares of a company. The information and opinions contained in this document have been compiled or arrived at based upon information obtained from sources believed to be reliable and in good faith, but is not guaranteed as being accurate, nor is it a complete statement or summary of the securities, markets or developments referred to in the document. Any Index referenced in this document is not administered by UBS. Members of the UBS Group may have a position in and may make a purchase and / or sale of any of the securities or other financial instruments mentioned in this document. Units of UBS funds mentioned herein may not be eligible for sale in all jurisdictions or to certain categories of investors and may not be offered, sold or delivered in the United States. The information mentioned herein is not intended to be construed as a solicitation or an offer to buy or sell any securities or related financial instruments. Past performance is not a reliable indicator of future results. The calculated performance takes all costs on the product level into consideration (ongoing costs). The entry and exit costs, which would have a negative impact on the performance, are not taken into consideration. If whole or part of the total costs to be paid is different from your reference currency, the costs may increase or decrease as a result of currency and exchange rate fluctuations. Commissions and costs have a negative impact on the investment and on the expected returns. If the currency of a financial product or financial service is different from your reference currency, the return can increase or decrease as a result of currency and exchange rate fluctuations. This information pays no regard to the specific or future investment objectives, financial or tax situation or particular needs of any specific recipient. Future performance is subject to taxation which depends on the personal situation of each investor and which may change in the future. The details and opinions contained in this document are provided by UBS without any guarantee or warranty and are for the recipient's personal use and information purposes only. This document may not be reproduced, redistributed or republished for any purpose without the written permission of UBS Asset Management Switzerland AG or a local affiliated company. Source for all data and charts (if not indicated otherwise): UBS Asset Management. A summary of investor rights in English can be found online at www.ubs.com/funds-regulatoryinformation. More explanations of financial terms can be found at www.ubs.com/am-glossary. The product described herein aligns to Article 8 Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector. Information on sustainability-related aspects pursuant to that regulation can be found on www.ubs.com/funds. This document contains statements that constitute "forward-looking statements", including, but not limited to, statements relating to our future business development. While these forward-looking statements represent our judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations.

ESG Report

Terms used within this document do not refer to or relate to any regulatory definitions or provisions. Where applicable, a country-specific notice is provided in this document and must be read in conjunction with the factsheet.

ESG is an abbreviation for Environmental, Social and Governance (factors). These factors are used to evaluate companies and countries on how advanced they are with respect to sustainability. Once sufficient data on these factors are available, they can be used to assess and compare assets and also to inform the investment process when deciding what assets to buy, hold or sell.

ESG Criteria & Performance

The following illustrations show the fund's performance against ESG criteria that are either explicitly part of the fund's ESG characteristics and/or objectives or are included in the investment process. In addition to the specific ESG characteristics and/or objectives, the details of which can be viewed in the fund's legal documents, the following approaches are applied:

- ☒ Exclusion
- ☒ ESG Integration
- ☒ Voting
- ☒ Engagement program

Glossary

UBS AM sustainability approaches applied:

Exclusion: Strategies that exclude securities from funds where they are not aligned to an investor's values. Includes customized screening criteria.

ESG Integration: Strategies that integrate environmental, social and governance (ESG) factors into fundamental financial analysis to improve the risk/return profile.

Voting: UBS Asset Management will actively exercise voting rights based on the principles outlined in the UBS Asset Management Proxy Voting policy and our stewardship approach, with two fundamental objectives: 1. To act in the best financial interests of our clients to enhance the long-term value of their investments. 2. To promote best practice in the boardroom and ensure that investee companies are successful. This is not an indication that voting on sustainability-related topics has taken place with respect to companies in this portfolio during any given time period. For information about voting activities with specific companies please refer to the UBS Asset Management Stewardship Annual Report.

Engagement program: We regard engagement to be a two-way mutually beneficial dialogue with an issuer / company, with the objective to share information, enhance understanding and help to improve business practices and performance. The issuers / companies we engage with are selected from across the universe in which UBS Asset Management invests using a top-down approach in accordance with our principles, as outlined in our stewardship approach. This is not an indication that sustainability-related engagement has taken place with respect to issuers / companies in this portfolio during any given time period or that issuers / companies in this portfolio were chosen with the goal to actively engage. Information on UBS Asset Management's selection of issuers / companies, engagement activities, prioritization process and understanding of concerns can be found in the UBS Asset Management Stewardship Annual Report and in our stewardship approach.

ESG score (UBS Blended ESG Score*): The UBS Blended ESG Score is based on UBS-internal and independent external ESG data sources. The UBS Blended ESG Score is industry-adjusted and measured on a scale from 0 (lowest/worst score) to 10 (highest/best score). The metric is scaled up to 100% if actual data coverage is above the defined thresholds – fixed income: 50%, equities: 67%, multi-asset: 50%. Otherwise, the metric is reported as "-". Classification system to separate corporate and sovereign issuers: Bloomberg Barclays Methodology. Securitized bonds are excluded from the calculation. "No exposure" if the fund is not invested in the respective issuers for the month.

* more details available at this [link](#)

Controversy check: Controversial Business Involvement exposure is the exposure to companies with a revenue share exceeding a certain threshold of the respective field (production). Link to our exclusion policy for more details: -> www.ubs.com/si-exclusion-policy

MSCI ESG scores are provided by MSCI ESG Research and are measured on a scale from 0 (lowest/worst score) to 10 (highest/best score). The individual MSCI E-, S-, and G-score indicates the resilience of issuers to environmental, social or governance related risks that are most material to an industry. The aggregated MSCI ESG score is based on these MSCI E-, S-, and G-scores but normalizes them relative to industry peers. This leads to a weighted average industry-adjusted MSCI ESG score which is comparable across industries. The metric is scaled up to 100% if actual data coverage is above the defined thresholds – fixed income: 50%, equities: 67%, multi-asset: 50%. Otherwise, the metric is reported as "-".

Weighted average carbon intensity – corporate issuers/ carbon-intensive sovereign issuers: These metrics measure a fund's exposure to carbon-intensive companies and governments. These metrics provide an insight into potential risks related to the transition to a lower-carbon economy, because companies with higher carbon intensity are likely to face more exposure to carbon related market and regulatory risks. These metrics are applicable across asset classes. It is the sumproduct of the fund weights and individual carbon intensities (carbon emissions scope 1+2 / USDm sales or GDP). The metric is scaled up to 100% if actual data coverage is above the defined thresholds – fixed income, 50%; equities: 67%, multi-asset: 50%. Otherwise, the metric is reported as "-". Classification system to separate corporate and sovereign issuers: Bloomberg Barclays Methodology. Securitized bonds are excluded from the calculation. "No exposure" if the fund is not invested in the respective issuers for the month.

MSCI ESG Fund Ratings are designed to measure the environmental, social and governance (ESG) characteristics of a fund's underlying holdings, making it possible to rank or screen mutual funds and ETFs on a AAA to CCC ratings scale.

Carbon footprint: Expresses the greenhouse gas footprint of an investment sum. The carbon emissions scope 1 and 2 are allocated to investors based on an enterprise value (including cash) ownership approach and are normalized by the current fund value. The carbon footprint is a normalized measure of a fund's contribution to climate change that enables comparison with a benchmark, between funds and between individual investments. The metric is total carbon emissions expressed as per currency invested.

The metric is scaled up to 100%, if actual data coverage is above the defined thresholds – fixed income: 50%, equities: 67%, multi-asset: 50%. Otherwise, the metric is reported as "-".

Classification system to separate corporate and sovereign issuers: Bloomberg Barclays Methodology. Securitized bonds are excluded from the calculation. "No exposure" if the fund is not invested in the respective issuers for the month.

Aggregation of ESG/carbon data: ESG scores of holdings in the portfolio and the reference index are aggregated based

UBS Infrastructure Equity Fund USD

ESG Report

on their respective individual weights and ESG scores (sumproduct).

Fund of funds investments, derivatives and cash:

Derivatives and fund of funds investments used in the portfolio are treated on a lookthrough basis, whereby the economic exposures to the underlying basket of securities is treated as an actual investment in the individual securities that make up this basket. Broad market derivatives or fund of funds investments may lead to minimal exposures to securities that are excluded from direct investments. Derivatives have an effect on all metric calculations. Given that many of the reporting frameworks available to investors today do not cover the intricacies of derivatives, metrics are provided on a reasonable efforts basis. Portfolios for which we report the sustainability metrics may include cash. The information disclosed in this report, in particular the treatment of derivatives and cash, may or may not correspond with the investment characteristics of the fund and how the fund is managed. The sustainability metrics in this report may

therefore differ from other UBS reports produced on the same date.

Active ESG: Benchmark selection is driven by portfolio implementation considerations, in particular to closely reflect the financial objectives of the fund. For actively managed strategies, a traditional benchmark is generally selected to provide a broad investment universe to which active management is applied. This enables an assessment of the magnitude of ESG improvements against the traditional benchmark and allows the costs and benefits of investing sustainably to be assessed.

The **Morningstar ESG Risk Rating** helps investors see how mutual funds and ETFs are meeting environmental, social, and corporate governance (ESG) challenges. The rating is given as 1 to 5 "globes," with more globes indicating lower ESG risk. Notably, the number of globes a fund receives is determined relative to other funds in the same Morningstar Global Category.

Important information about sustainable investing strategies

Sustainable investing strategies aim to consider and incorporate environmental, social and governance (ESG) factors into investment process and fund construction. Strategies across geographies and styles approach ESG analysis and incorporate the findings in a variety of ways. Incorporating ESG factors or sustainable investing considerations may inhibit UBS's ability to participate in or to advise on certain investment opportunities that otherwise would be consistent with the Client's investment objectives. The returns on a fund consisting primarily of sustainable investments may be lower or higher than funds where ESG factors, exclusions, or other sustainability issues are not considered by UBS, and the investment instruments available to such funds may differ. Companies, product issuers and/or manufacturers may not necessarily meet high performance standards on all aspects of ESG or sustainable investing issues.

Reconciliation of Assets under Management (AuM)

This report does not contain reconciled AuM positions, it only takes in consideration positions with settlement date as of report date. This means that traded but not settled positions are not included. Therefore, AuM figures in this report may differ from other UBS reports produced on the same date.

Although UBS Asset Management information providers, including without limitation, MSCI ESG Research LLC and its affiliates (the "ESG Parties"), obtain information from sources they consider reliable, none of the ESG Parties warrants or guarantees the originality, accuracy and/or completeness of any data herein.
