### Market Summary

Toward the end of 2024, global equity markets experienced heightened volatility ahead of the U.S. presidential election. The candidates included Ms. Kamala Harris from the Democratic Party, who maintained existing policy directions, and Mr. Donald Trump, who campaigned on economic stimulus and protectionist trade policies. Mr. Trump ultimately won the election, resulting in a strong rally in U.S. equities. However, non-U.S. markets underperformed due to investor concerns over potential trade conflicts.

In Q1 2025, the newly elected U.S. President initiated import tariffs targeting countries with trade surpluses against the United States, beginning with Canada, Mexico, and China. The situation escalated with the announcement of a Reciprocal Tariff policy, imposing significantly higher duties based on trade imbalances. In retaliation, affected trading partners introduced counter-tariffs on U.S. goods, triggering a sharp global market correction amid fears of a global economic slowdown.

Market volatility peaked in April as the U.S. and its trading partners entered negotiations and agreed to delay the implementation of high tariffs, opting instead for lower-than-expected rates. This development supported a swift recovery in global equities, although tariff-related risks persisted. Analysts projected a deceleration in global economic growth and a potential rise in inflation due to trade-related pressures, prompting expectations that the Federal Reserve would maintain elevated interest rates.

By Q3 2025, inflation in the U.S. stabilized, supported by declining oil prices. Meanwhile, labor market data began to show signs of softening, leading investors to anticipate a potential rate cut aimed at stimulating economic activity. This shift in sentiment positively impacted risk assets, including international equities.

In Q4 2025, after much anticipation from investors, the Federal Reserve cut interest rates by 0.25% to a range of 4.00%–4.25% in September, citing slowing job growth and rising economic uncertainty. While inflation remains above the Fed's target, most officials supported the move to ease policy, though some cautioned against acting too aggressively. The decision was nearly unanimous, with one member favoring a larger cut. Another key development was the U.S. government shutdown, which began on October 1 due to a budget standoff over healthcare funding. Approximately 750,000 federal workers have been furloughed, and no resolution is currently in sight. Despite the shutdown, equity prices have shown little impact.

UNITED CIO GROWTH FUND TH  
(FORMERLY KNOWN AS UNITED GROWTH FUND TH)  
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT  
FOR THE YEAR ENDED 31 OCTOBER 2025

## INDEPENDENT AUDITOR'S REPORT

### To the Unitholders of United CIO Growth Fund TH

(Formerly known as United Growth Fund TH)

#### Opinion

I have audited the financial statements of United CIO Growth Fund TH (“the Fund”), which comprise the statement of financial position and details of investments as at 31 October 2025, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of United CIO Growth Fund TH as at 31 October 2025, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

#### Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

**(FORMERLY KNOWN AS UNITED GROWTH FUND TH)**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 OCTOBER 2025**

**1. GENERAL INFORMATION**

United CIO Growth Fund TH (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 12 November 2021. At present, the Fund has the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). UOB Asset Management (Thailand) Company Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and KASIKORN BANK PUBLIC COMPANY LIMITED serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. General investors class suitable for general investors.
2. Super savings fund class suitable for investors who wish to receive tax benefits to promote long-term savings of investors.

The Fund’s policy is to invest in a foreign unit trust of United CIO Growth Fund - Class T USD Acc (formerly known as United Growth Fund - Class T USD Acc) (Master Fund), which is registered and managed by UOB Asset Management Ltd., at the average of not less than 80% of its net asset value. The Master Fund was registered in Singapore. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

On 20 December 2024, the Fund changed its name from United Growth Fund TH to United CIO Growth Fund TH.

**2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS**

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements in Thai language are the official statutory financial statements of the Fund. The financial statements in English language have been translated from the Thai language financial statements.

### **3. SIGNIFICANT ACCOUNTING POLICIES**

#### Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

#### Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

#### Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

#### Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

#### Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### 4. INVESTMENT TRADING INFORMATION

## 8. DISCLOSURE OF FINANCIAL INSTRUMENTS

### Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

<b><u>Liabilities</u></b>				
Derivative contracts	-	37,709,239.11	-	37,709,239.11

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investments in unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

#### Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

#### Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

#### Foreign Currency Risk

As at 31 October 2025 and 2024, the Fund had foreign currency accounts as follows:

Accounts	USD	
	2025	2024
Investments (fair value)	95,445,264.88	71,250,702.71
Cash at banks	116.05	5,013.76

Accrued other income	143,741.09	143,741.09
Accounts payable from purchases of investments	1,390,000.00	-

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

#### Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

### Risk Management

The fund manager of United CIO Growth Fund - Class T USD Acc will analyse any factors which may affect price and the said fund has a policy by investing globally, approximately 80 percent will be invested in equity instruments and approximately 20 percent will be invested in debt instruments.

### **9. OTHER INCOME**

Other income is the rebate in management fee in foreign to the Fund at the mutually agreed rate in the agreement.

### **10. APPROVAL OF THE FINANCIAL STATEMENTS**

These financial statements have been approved for issue by the authorised persons of the Fund on 4 December 2025.
