## Message from the Company

---

To Unitholders

### Market Summary

Toward the end of 2024, global equity markets experienced heightened volatility ahead of the U.S. presidential election. The candidates included Ms. Kamala Harris from the Democratic Party, who maintained existing policy directions, and Mr. Donald Trump, who campaigned on economic stimulus and protectionist trade policies. Mr. Trump ultimately won the election, resulting in a strong rally in U.S. equities. However, non-U.S. markets underperformed due to investor concerns over potential trade conflicts.

In Q1 2025, the newly elected U.S. President initiated import tariffs targeting countries with trade surpluses against the United States, beginning with Canada, Mexico, and China. The situation escalated with the announcement of a Reciprocal Tariff policy, imposing significantly higher duties based on trade imbalances. In retaliation, affected trading partners introduced counter-tariffs on U.S. goods, triggering a sharp global market correction amid fears of a global economic slowdown.

Market volatility peaked in April as the U.S. and its trading partners entered negotiations and agreed to delay the implementation of high tariffs, opting instead for lower-than-expected rates. This development supported a swift recovery in global equities, although tariff-related risks persisted. Analysts projected a deceleration in global economic growth and a potential rise in inflation due to trade-related pressures, prompting expectations that the Federal Reserve would maintain elevated interest rates.

By Q3 2025, inflation in the U.S. stabilized, supported by declining oil prices. Meanwhile, labor market data began to show signs of softening, leading investors to anticipate a potential rate cut aimed at stimulating economic activity. This shift in sentiment positively impacted risk assets, including international equities.

In Q4 2025, after much anticipation from investors, the Federal Reserve cut interest rates by 0.25% to a range of 4.00%–4.25% in September, citing slowing job growth and rising economic uncertainty. While inflation remains above the Fed's target, most officials supported the move to ease policy, though some cautioned against acting too aggressively. The decision was nearly unanimous, with one member favoring a larger cut. Another key development was the U.S. government shutdown, which began on October 1 due to a budget standoff over healthcare funding. Approximately 750,000 federal workers have been furloughed, and no resolution is currently in sight. Despite the shutdown, equity prices have shown little impact.

### Fund's Investment Strategy

The fund would invest in PIMCO GIS Income Fund (Class I) at the annual average of not less than 80% of its total net asset value. The master fund is a retail fund managed by PIMCO Global Advisors (Ireland) Limited and registered in Ireland. FINANCIAL STATEMENTS

FOR THE YEAR ENDED NOVEMBER 30, 2025

## INDEPENDENT AUDITOR'S REPORT

To The Unitholders and Managing Company of  
United Global Income Strategic Bond Fund RMF

### Opinion

I have audited the financial statements of United Global Income Strategic Bond Fund RMF (The Fund), which comprise the statement of financial position and the statement of detail of investments as at November 30, 2025, the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of United Global Income Strategic Bond Fund RMF as at November 30, 2025, its financial performance and its changes in net assets for the year then ended in accordance the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand.

### Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and my auditor's report thereon. The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management in order management to correct the misstatement.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

The engagement partner responsible for the audit resulting in this independent auditor's report is Ms.Thanyaphorn Tangthanopajai.

(Ms.Thanyaphorn Tangthanopajai)

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF  
NOTES TO FINANCIAL STATEMENTS  
NOVEMBER 30, 2025

1. NATURE OF UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF (UGISRMF) is an open-end of debt instruments fund, that focuses on investment in the investment units of the foreign mutual funds.

Natures of the fund is as follows:

Registered Date of the fund	: December 4, 2017
Authorized Capital of Project	: Baht 10,000 million consisted of 1,000 million units of Baht 10 each.
Date of Project	: Indefinite
Dividend Payout Policy	: No dividend payment

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF is managed by UOB Asset Management (Thailand) Company Limited.

The Fund has a policy to invest in debt instruments, that will focus the investment in the investment units of the foreign mutual funds (PIMCO GIS Income Fund (Class I) (Master Fund)) solely at the average of the fiscal year not less than 80% of the net asset value of the fund. For the remaining investment, the Fund may invest in hybrid instruments, Basel III instruments, derivatives that are underlying hybrid instruments and Basel III instruments in combined total not over 20 percent of the net asset value of the fund by investing in both local and/or overseas to conform with the required policy of the fund. However, in the event that the intuition is not normal, the Fund may consider to hedge according to the judgment of the fund manager. It is not considered as a project revision if there have been adjustments to the strategies relating to such derivatives agreement. The Fund will invest in derivatives to enhance efficient portfolio management and will invest in derivatives in order to hedge against currency exchange rate risk not less than 90 percent of the investment value in overseas. The Fund will not invest in or hold structured notes, but it may enter into securities lending, reverse repo or invest in non-investment grade instruments and unrated debt instruments including to invest in other securities or asset or to seek an or several interests and returns by other means as required by board of the Securities and Exchange Commission of Thailand (SEC) or SEC's announcement.

Kasikornbank Public Company Limited is the Fund's trustee.

UOB Asset Management (Thailand) Company Limited is the Fund's registrar.

**UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**NOVEMBER 30, 2025**

**2. BASIS FOR PREPARATION OF FINANCIAL STATEMENTS**

These financial statements are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission of Thailand. While for those matters not covered by the Accounting Guidance, the entity is to follow the financial reporting standards issued by TFAC that are effective in that financial reporting period.

The financial statements of the Fund have been prepared in Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purpose. For the convenience of the readers not conversant with the Thai language, an English version of financial statements has been translated from the Thai version of financial statements.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**3.1 Recognition of revenues and expenses**

3.1.1 The fund recognizes revenues on an accrual basis as follows :-

Interest income is recognized on the accrual time basis.

Interest income arising from amortization of premium or discount of debt instrument is calculated by the effective rate basis.

Gain or loss on sale of investments is recognized on trade date and the cost of investments is calculated by the weighted average cost basis.

Unrealized gain (loss) from valuation of investments is recognized as income or expense in the statement of income.

3.1.2 The fund recognizes other income and expenses on an accrual basis.

**3.2 Valuation of investments**

**Initial recognition**

At initial recognition, the Fund recognized investment as assets at fair value at the date on which the Fund has the right on investments.

**Subsequently measurement**

Investments in the unit trusts of foreign funds and other foreign securities and assets are stated at fair value. The fair value of unit trusts in the foreign fund is based on the publication of NAVs prices by the fund. The fair value of other securities will be set up taking into consideration the best representation of the fair value of those securities.

Investments in the local debt investment is stated at fair value by calculating from the return rate announced by Thai Bond Market Association (Thai BMA), respectively, as follows:

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF

NOTES TO FINANCIAL STATEMENTS (CONT.)

NOVEMBER 30, 2025

- (1) Executed price or yield.
- (2) Average quoted price or yield, or firm quoted price or yield from Market Maker.
- (3) Price or yield calculated from the model.

The fair value of bills of exchange, treasury bills, debentures and bonds which the maturity dates are less than 90 days, are calculated from the yield-rate quoted on The Thai Bonds Market Association for the securities that have 90 days maturity leftover or the yield-rate from the acquisition of securities that have a maturity within 90 days from the date of investment. The fair value of securities and other assets will be set up taking into consideration the best representation of the fair value of those securities and other assets.

3.3 Derivatives

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument in hedge accounting, and if so, the nature of the item being hedged.

3.4 Foreign currency conversions

Accounts in foreign currencies are converted into baht by using exchange rate on the transaction date. Asset and liability in foreign currencies at the end of the period are converted into baht using the exchange rate of Bloomberg as that date and the derivative transaction as at the transaction date is converted into baht by the contract rate.

Gain or loss on foreign currency conversions is recognized as income or expense in the statement of comprehensive income.

3.5 Financial instruments

The Fund initially measures financial assets and financial liabilities at fair value. The transaction cost relating to acquisition of such financial asset and financial liability is immediately recognized in profit or loss.

Classification and measurement of financial assets and financial liabilities

Financial assets are classified as financial assets measured at fair value through profit and loss and measured subsequently of financial assets at fair value, with net change in fair value recognized in the statement of comprehensive income.

All financial liabilities are classified as financial liabilities measured subsequently at amortized cost.

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF

NOTES TO FINANCIAL STATEMENTS (CONT.)

NOVEMBER 30, 2025

3.6 Net assets value per unit

Net assets value per unit is computed by dividing net assets value by the number of fund units outstanding at the end of the year.

3.7 Related party transactions

Related parties of the Fund comprise enterprises and individuals who directly or indirectly own a voting interest of at least 10 percent in the Fund or individual management personnel who are responsible for the management of the Fund, determining its policies or making decisions as to how to achieve the Fund's objectives, together with their spouses and dependents.

In addition, related parties include enterprises and individuals that control or are controlled by the Fund or significantly influence or are significantly influenced by the Fund.

3.8 Equalization account

A portion of the proceeds from the issuance or redemption of fund units, equivalent to The amount of undistributed retained earnings on the date of transactions of the amounts of Unit issued or redeemed, is recorded in "Equalization account"

3.9 Accounting judgements and estimates

Preparation of financial statements in conformity with the accounting guidance requires management to make judgements and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Increase (decrease) in net assets resulting from operations during the year	54,128,462.47	31,130,447.76
Retained earnings (deficit) at the end of year	<u>79,766,832.49</u>	<u>25,638,370.02</u>

**12. DISCLOSURE OF FINANCIAL INSTRUMENTS**

**12.1 Accounting policies for financial instruments**

The details of the significant accounting policies, method used, including a basis on the recognition of income and expense for financial assets and financial liabilities are disclosed in Note 3.5

**UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**NOVEMBER 30, 2025**

12.2 Financial risk management for financial instruments

The fund manages its exposure to financial risk on financial assets from investment by its investment policy and management and control system. The Fund uses derivative instruments for hedging foreign currency risk on exchange rate.

12.3 Fair value of financial assets and liabilities

Fair value is the price that will be received from sale of asset or it's the price that will be paid for transfer of a liability to other persons, provided that it's a normal transaction between the buyer and the seller (market participant) at the measurement date. The Fund uses a quoted market price in an active market to measure the fair value of assets and liabilities that are required by related accounting guidance to measure at fair value, except in the absence of an active market for similar assets or liabilities, or a quoted market price cannot be obtained in an active market. The Fund estimates the fair value by using appropriate valuation techniques for each situation and try to use as much observable information as possible related to the asset or liability which is measured at fair value.

Financial instruments measured at fair value classified by the estimation method. The difference of the hierarchy of information level can be presented as follows:

- Level 1 - Use of quoted market prices (no adjustment required) in an observable active market for such assets or liabilities
- Level 2 - Use of other observable inputs for such assets or liabilities, whether directly (such as market data) or indirectly (such as calculated from market prices)
- Level 3 - Use of unobservable inputs for such assets or liabilities (information that cannot be observed)

As at November 30, 2025, the Fund had the assets and liabilities that were measured at fair value using different levels of inputs as follows :-

	Million Baht			Total
	Level 1	Level 2	Level 3	
<u>Assets</u>				
Investment units	-	1,141.08	-	1,141.08
Derivatives	-	1.62	-	1.62
<u>Liabilities</u>				
Derivatives	-	4.52	-	4.52

**UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**NOVEMBER 30, 2025**

As at November 30, 2024, the Fund had the assets and liabilities that were measured at fair value using different levels of inputs as follows :-

	Million Baht			Total
	Level 1	Level 2	Level 3	
<u>Assets</u>				
Investment units	-	846.34	-	846.34
Derivatives	-	1.57	-	1.57
<u>Liabilities</u>				
Derivatives	-	17.46	-	17.46

Various investments are derived from explicitly referenced market prices in an active market and classified as Level 1, consisting of liquid listed equity instruments and derivatives traded in officially established markets. The Fund will not adjust the quoted prices for these instruments.

Financial instruments traded in markets that are not considered to be liquid but have been valued at an explicit reference market price. Trading quotations by traders or alternative pricing sources backed by observable data are classified as Level 2. These financial instruments comprised of private equity instruments that are among the most attractive to investors and derivatives in the market directly traded.

Investments classified as Level 3 contain important information that cannot be observed due to infrequent trading. Equity instruments level 3 contain information on credit risk and expected damages for the equity instruments. The main data entered into the fund valuation model for this investment consists of the ratio of market price to net profit income and discounted cash flow.

#### 12.4 Interest rate risk

The Fund's exposure to interest rate risk relates primarily to its investments in the debt instruments, which the change in the rate of return affects the prices of these debt instruments held by the Fund to move in the opposite direction. For example, when the market rate of return decreases, the price of bonds will be higher and the Fund will receive return in the form of capital gain. However, when the market rate of return increases, the price of bonds will be lower and the Fund will incur loss. Therefore, the longer the maturity of the instruments, the greater is the impact of changes in the rate of return.

UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF

NOTES TO FINANCIAL STATEMENTS (CONT.)

NOVEMBER 30, 2025

As at November 30, 2025, the Fund had significant financial assets classified by types of interest rates as follows :-

	Baht			Total
	Floating rate	Fixed rate	No interest	
<u>Financial assets</u>				
Investment	-	-	1,141,075,025.11	1,141,075,025.11
Cash at banks	28,722,984.11	-	-	28,722,984.11

As at November 30, 2024, the Fund had significant financial assets classified by types of interest rates as follows :-

	Baht			Total
	Floating rate	Fixed rate	No interest	
<u>Financial assets</u>				
Investment	-	-	846,342,129.06	846,342,129.06
Cash at banks	15,478,559.58	-	-	15,478,559.58

12.5 Market risk

The Fund's market risk relates primarily to investments in the debt instruments whose returns fluctuate in line with the economy, political situation, money markets. These circumstances may have positive or negative effects on the performance of the companies issuing securities depending on how sensitive the business types of the issuers are linked to the volatility of the markets and result in the price of these securities to be higher or lower.

12.6 Exchange rate risk

As at November 30, 2025 and 2024, the Fund had foreign currency accounts as follows :-

	USD	
	2025	2024
Investment (at fair value)	35,443,717.00	24,715,048.74
Cash at banks	14,242.55	25,224.56
Accrued interest receivable	5.94	4.27

The Fund entered into derivative contracts for hedging of exchange rates on investments in foreign currency (see Note 9).

**UNITED GLOBAL INCOME STRATEGIC BOND FUND RMF**  
**NOTES TO FINANCIAL STATEMENTS (CONT.)**  
**NOVEMBER 30, 2025**

**12.7 Credit risk**

The Fund is exposed to the risk of non-performance of the obligations under the financial instruments by the contractual parties. As the Fund has accounts receivable from bank that is in the normal business of the fund, it does not anticipate material loss from such debt collection.

**12.8 Liquidity risk**

Liquidity risk is the risk that arises from the lack of marketability to turn the assets into cash and/or to secure sufficient capital quickly enough to prevent a loss or to use the cash to settle an obligation when due.
